Our Privacy Policy also describes the measures we take to protect the security of your information. It will tell you how you can contact us to update your information, remove your name from our mailing lists or get answers to questions you may have about our privacy practices.

Personal Information We Collect

We may request that you provide certain personal information if you contact us, purchase an item from our website, request technical support, subscribe to a newsletter, provide feedback on a particular offer or product, participate in a promotion, or seek business development/career opportunities. The nature of our service, CaseFlow®, is to collect sensitive personal data about your employees and clients to accomplish the purpose of case management. Outside of the CaseFlow server environment, on other Ask4Rain websites, the information we collect is generally limited to your full name, email address and phone number, although we may request other information such as your billing address and credit card information in the event that you decide to complete a transaction. In general, we limit the amount of personal information we require to just that needed to complete a specific transaction. For example, we will not ask for billing information unless in connection with a billing transaction.

You may also be asked in cases to establish an account in order to obtain the service, and establish entitlement to upgrades and updates required for the service to provide ongoing protection in accordance with its function. This information will be used by Ask4Rain to ensure you have access to renewal, support and other services.

Our processing and transfer of the data you provide is limited to the following purposes: fulfillment of your order(s)/contract(s), extension/delivering product updates/service-subscriptions or licenses, product registration and activation, customer and technical support as you may request from time to time, processing license renewals as requested by you, automatically processing license renewals if you elect automatic renewal of your subscription and internal (compliance) audits and fraud prevention. You always have the ability to decide whether to proceed with any activity that requests personal information. If you do not wish to provide the requested information, however, you may not be able to complete the transaction or obtain full functionality on the site if the information is essential to complete the transaction or functionality.
